

3M's Popular 68-Position IDC-Style MDR Wire-Mount Plug

Now Available for 26 AWG Wire

AUSTIN, Texas--([BUSINESS WIRE](#))--3M's popular IDC-style, 68-position MDR wire-mount plug connector is now available in a version configured to terminate to 26 AWG wire from the 3M Electronic Solutions Division. This expands the population of cables that can be terminated to 3M MDR IDC-style wire-mount plugs from current specified sizes of 28 AWG and 30 AWG and enables use in longer haul applications than current IDC versions.

The 3M wire-mount MDR IDC plug connector for 26 AWG wire mates with all 68-position 3M MDR receptacles and is compatible with existing 3M MDR IDC wire-mount back shells and hardware. The connector is suitable for use with a wide variety of cable options, including round, flat, twisted pair and twinax. The 3M MDR connector system uses a wiper-on-wiper interface for reliable, repetitive plugging.

About 3M Electronic Solutions Division

The 3M Electronic Solutions Division, headquartered in Austin, Texas, has numerous technologies and provides a wide range of products for the electronics market. It provides products and solutions to meet the electronic industry's challenges of protecting sensitive components and precisely delivering them to the assembly point, as well as flexible and multilayer microinterconnect packaging solutions; embedded capacitance laminate materials, copper and fiber interconnect systems; cables and cable assemblies; static control products, and Textool brand test and burn-in sockets.

About 3M - A Global, Diversified Technology Company

Every day, 3M people find new ways to make amazing things happen. Wherever they are, whatever they do, the company's customers know they can rely on 3M to help make their lives better. 3M's brands include Scotch, Post-it, Scotchgard, Thinsulate, Scotch-Brite, Filtrete, Command and Vikuiti. Serving customers in more than 200 countries around the world, the people of 3M use their expertise, technologies and global strength to lead in major markets including consumer and office; display and graphics; electronics and telecommunications; safety, security and protection services; health care; industrial and transportation.
