

3M Sets Final Exchange Ratio in Split-Off Exchange Offer in Connection with Neogen Transaction

ST. PAUL, Minn., Aug. 29, 2022 /PRNewswire/ -- 3M (NYSE: MMM) announced today the final exchange ratio of 6.7713 for its split-off exchange offer to 3M stockholders to exchange their shares of 3M common stock for shares of common stock of Garden SpinCo Corporation ("SpinCo"). The exchange offer is being conducted in connection with the previously announced pending separation of 3M's food safety business and the subsequent merger of SpinCo, a subsidiary of 3M formed to hold the food safety business, with a subsidiary of Neogen Corporation ("Neogen").

For each share of 3M common stock that is validly tendered and accepted for exchange, 3M will deliver approximately 6.7713 shares of SpinCo common stock. Upon completion of the merger, each share of SpinCo common stock will be converted into the right to receive one share of Neogen common stock. As a result, 3M stockholders who tender shares of 3M common stock in the exchange offer will receive approximately 6.7713 shares of Neogen common stock (subject to the receipt of cash in lieu of fractional shares) for each share of 3M common stock accepted for exchange. Because the final exchange ratio is less than the upper limit, the upper limit is not in effect.

The exchange offer is scheduled to expire at 11:59 p.m., New York City time, on August 31, 2022, unless terminated or extended, and the closing of the merger is expected to occur promptly following the consummation of the exchange offer. 3M stockholders may tender or withdraw their shares of 3M common stock until the expiration of the exchange offer by following the procedures described in the exchange offer materials. The closing of the exchange offer and the merger remain subject to the satisfaction or waiver of customary closing conditions, as described in the exchange offer materials.

Based on the final exchange ratio, 3M currently expects to accept for exchange approximately 15,989,536 shares of 3M common stock if the exchange offer is fully subscribed. Because the exchange offer will be subject to proration if the exchange offer is oversubscribed, the number of shares of 3M common stock that 3M accepts in the exchange offer may be less than the number of shares validly tendered by 3M stockholders. If the exchange offer is consummated but not fully subscribed, 3M will distribute the remaining shares of SpinCo common stock on a pro rata basis to 3M stockholders as of 5:00 p.m. Eastern time on August 31, 2022 whose shares of 3M common stock remain outstanding after the completion of the exchange offer. Any 3M stockholder who validly tenders their shares and whose shares are accepted in the exchange offer will have waived and forfeited all of their rights to receive any shares of SpinCo common stock in that pro rata distribution.
